

XIN CHEN PhD

ADDRESS: 78 College St., LSC, Dartmouth College, Hanover, NH 03755
PHONE: (718) 200-0932 | (603) 646-9397
EMAIL: chenx1122@gmail.com
WEBSITE: xcbiology.wordpress.com
STATUS: permanent resident (Green card holder)

RESEARCH AND WORK EXPERIENCE

- Current-Mar, 2015 Postdoctoral Research Associate, Dartmouth College, US
I am working on computational evolutionary projects of microbes in Dr. Zhaxybayeva's lab. My research focuses on understanding the social behaviors, particularly DNA transferring as public goods, in microbial communities. I create mathematical models to simulation interactions of host bacteria populations and their associated gene transfer agent (GTA). Meanwhile, I use metagenomic data analysis techniques to explore the patterns and mechanisms related to eDNA up-taking behaviors. I also study epigenetics by examining the pattern of methylome and gene expression to understand the thermal adaptation of bacteria.
- Dec, 2014-Sep, 2009 Graduate Assistant (PhD program), Graduate Center, CUNY, US
During my PhD study, I analyzed next generation sequencing data to perform phylogenomic study and explored evolutionary history of the target group; I inferred the evolutionary processes via fitting genetic, phenotypic and environmental data to mathematical models in Bayesian/likelihood statistical framework and detecting potential correlations of multi-variable data; I used phylogeographic and population genetics techniques and models to explore genetic diversity and speciation of multiple organisms; I also did molecular biology wet lab work including DNA extraction, PCR, Sanger sequencing.
- Dec, 2014-Sep, 2009 Adjunct lecturer, College of Staten Island, CUNY, US
General Biology Lab (Bio 171), Introduction Biology Lab (Bio 107), Evolution (Bio 322), General biology tutor
- Sep, 2003-Aug, 2009 Sichuan University, China
Bacterial culture, gene clone, wildlife survey in field, geometric morphometrics

EDUCATION

Sep, 2009-Dec, 2014	PhD, The City University of New York, NY Program: Biology Major: Computational Biology Advisor: Dr. Frank T. Burbrink Thesis: Integrating phylogenomics, biogeography and systematics to explore the taxonomy and the rise of the ratsnakes
June, 2013	NSF Next-generation Sequencing Data for Phylogenetics and Phylogeography workshop at NESCent, Durham, NC
June, 2012	NSF Macroevolutionary methods in R workshop, Santa Barbara, CA
2006-2009	Master of Science, Sichuan University, China Major: Zoology Advisor: Professor Ermi Zhao Thesis: The Anatomy of Mountain Stream Hynobiid (<i>Batrachuperus pinchonii</i>)
2002-2006	Bachelor of Science, Sichuan University, China Major: Biotechnology Lab internship: Cloning and function identification of anti-ultraviolet radiation and DNA repairing enzyme genes in <i>Dunaliella salina</i> , Supervisor: Dr. Yi Cao

SKILLS AND KNOWLEDGE

Biology	microbiology, genetics, bioinformatics, molecular biology, population genetics, ecology, evolution, phylogenomics, phylogenetic comparative methods, phylogenetic inference, geometric-morphometric, biogeography, species distribution modelling, GIS
Computer	programming language (R, Python, C, C++, Perl, Java, Julia), data analysis (Bioconductor, Biopython, NumPy, pandas), database (MySQL), data visualization (R, ggplot2, Matlab, circos, Python, metaplotlib), regular expression, Unix/Linux (shell script, awk), L ^A T _E X, Microsoft Office, Adobe Photoshop, Adobe Illustrator
Math and Statistics	calculus, linear algebra, geometry, probability, Bayesian, maximum likelihood, approximate Bayesian computation, regression, multi-variable analysis, stochastic simulation (Gillespie, MCMC, HMM), machine learning (clustering, SVM, network)
Languages	English, Chinese

GRANTS AND AWARDS

2013-2014 CUNY Graduate Center Doctoral Student Research Grant (\$1200)

2012 NSF Macroevolutionary Methods in R Workshop, Santa Barbara, CA (full funding to attend)

2010-2011 CUNY Graduate Center Doctoral Student Research Grant (\$1500)
2012 CUNY Graduate Center Student Travel Grant (\$300)
2009-2014 Science Fellowship, CUNY Graduate Center (\$24,000/year)
2006-2007 Sichuan University, China, Excellent graduate student scholarship I
2004-2005 Sichuan University, China, Excellent study undergraduate scholarship I
2003 Sichuan University, China, Excellent study undergraduate scholarship III

REVIEWER EXPERIENCE

Italian Journal of Zoology

Sichuan Journal of Zoology

Zoological Research

EXTRACURRICULAR ACTIVITIES

volunteer during 2002-2009 in Sichuan University Environmental Student Association, Conservation International, WWF, Jane Goodall's Roots and Shoots, Chengdu Bird Watching Society

wildlife survey

reading, programming, bird watching, photography, jogging, hiking, biking
